

Forecast is Great at "The Square"!

Business continues to heat up at The Square. **Plum Chic's** business is growing rapidly, and their enthusiasm is contagious.

Kucumber Skin Lounge has also proven to be a huge success. The ladies at Kucumber have fantastic attitudes, and their client base is growing daily. It does not surprise me that they are growing like they are. They work very hard at providing great service to their clients!

New Businesses Joining The Square

Red Tag Furniture Consignment (November 2012). The owners are very optimistic about the business climate in Bakerview Square.

Coming in mid-October to Bakerview Square, we are very excited to have a new art gallery opening, **Coast Salish Creations**, which will focus on Native American art. We can't wait to see the wonderful art and how great the space will look! The owner and is extremely optimistic about the new location!

Another one of our newest tenants explained to me the importance of location. The owner of **Clearview Eyecare** is opening her practice here as soon as they complete the interior of the space to meet their specifications. They will be very upscale and have the very latest technology as well as an amazing inventory to choose from!

Connect Nationwide has grown out of their location, and so they have moved to a larger location here at

The Square. They have nearly doubled in size, and we are very excited for them. These entrepreneurs started with one small store here at The Square a few years ago and now have many stores around the Northwest.

West Coast Fitness, a ladies fitness business, is opening in November, and is going to be a great addition to Bakerview Square! The owner of this new business is going to turn her terrific ideas into reality! We look forward to welcoming them soon.

Bakerview Square has many more business owners that we are currently speaking with in regards to joining us here at The Square. We look forward to helping them find the ideal location!

The owner of Bakerview Square, Morgan Bartlett, Jr., remains very optimistic about the future. He mentioned that at the rate we are filling up, we will be 100% full by late 2013!

Morgan continues to support great, local charities, including donating office space to Young Life Youth Ministries, financing a housing scholarship for a deserving Western Washington University student, supporting the Whatcom Hospice Foundation, and most recently, generously donating a smile-creating WWU Vikings Basketball gift package to a child through PeaceHealth St. Joseph Medical Center.

I believe that the success of any business is largely attitude and expectation. We have the choice to wait for it to happen or to go and make it happen. There is no question that the harder we work, the luckier we get! As we all grow together here at The Square, we all win together.

The forecast looks good. Expect a lot of sunshine here at Bakerview Square!
